

SureLab SL-D500

DATASHEET / BROCHURE

The SL-D500 is a compact, lightweight and portable photo production printer, for 10x15cm simplex and duplex photos, calendars and cards.

The SL-D500 is ideal for photo retailers, copy shops, designers and artists, as well as events, hospitality and photo box markets. This compact and lightweight production printer is space-efficient, portable and stackable. It produces the same high-quality images as the SL-D1000(A) and is ideal for the production of 10x15cm simplex and duplex photos, calendars and cards.

Compact, lightweight and portable

The SL-D500 features a small footprint and is the lightest and most compact SureLab printer in the Epson range. This is particularly useful when the printer needs to be transported to an event or moved to a different location onsite.

Seamless integration

As the SL-D500 is compact and lightweight, up to three printers can be stacked to form a production tower to improve productivity. It can also work seamlessly alongside Epson DTG, signage and LFP printers.

Enhanced connectivity

This photo production printer includes USB, LAN and Wi-Fi connectivity for ease of use. Epson Cloud Solution PORT and Order Controller also support the SL-D500.

More sustainable solution

The SL-D500 has been designed to minimise the environmental impact: compact and lightweight, reduced energy consumption per print, and a heat-free system.

KEY FEATURES

- **Compact and stackable design**
Fits seamlessly into most work environments
- **Connectivity**
USB, LAN and Wi-Fi
- **Integration**
Works alongside other SureLabs, Epson DTG, signage and LFP printers
- **Reduced user intervention**
70ml CISS ink system. 100 sheet ASF
- **Vibrant, high-quality images**
10x15cm simplex and duplex photos, calendars and cards

PRODUCT SPECIFICATIONS

PRINT TECHNOLOGY

Printing Method	Epson Micro Piezo drop-on-demand inkjet technology, High-performance print head technology designed for robust printing environments, Variable Sized Droplet Technology
Minimum Droplet Size	With Variable-Sized Droplet Technology
Print Speed - Standard [prints/h]	180 - 10 x 15 cm (4 x 6 ")
Max. Print speed	250 - 4x6" (10x15cm) Prints/h

INK

Ink Technology	Ultrachrome® D6r-S
Ink Set	6 colours
Available Colours	Black, Cyan, Light Cyan, Light Magenta, Magenta, Yellow
Ink volume per colour	70 ml

MEDIA

Media Handling	Auto Sheet Feeder (Simplex, Duplex)
Print Size (Duplex Feeder)	9 cm x 13 cm to 10 cm x 15 cm , 3.5 inches x 5 inches to 4 inches x 6 inches
Borderless printing on	102x152mm (4x6")

GENERAL

Environmental Conditions - Temperature	Operating: 10 - 35 °C (except Matte), Storage: -20 - 40 °C
Environmental Conditions - Humidity	Operating 20 - 80 % (except Matte, no condensation), Storage 5 - 85 % (no condensation)
Power Consumption	Operating (approx.) 18 W Ready Mode (approx.) 4 W
Available Software	Printer Driver (standard bundling), System Application (standard bundling), Order Controller (optional), Epson Cloud Solution Port
Interfaces	Hi-Speed USB - compatible with USB 2.0 specification, Ethernet interface (100 Base-TX / 10 Base-T), Wireless LAN IEEE 802.11b/g/n
Noise Level	Operating (Sheet): 46 dB (A)
Product dimensions	299 x 350 x 154 mm (Width x Depth x Height)
Product dimensions with tray	299 x 400 x 154 mm (Width x Depth x Height)
Installation Space (Footprint)	299 x 400 mm (Width x Depth); 0.12 m ²
Product weight	7 kg without media and ink
Product Life	100,000 prints in 10 x 15 cm
Available Apps	Epson Photo Creator, Epson Mobile Order Manager, Epson SmartPanel, Epson Connect Service, Epson iPrint
Controlpanel	Color, Diagonal 1 inch
Device Security	Kensington lock connection

OTHER

Warranty	36 months Carry in Optional warranty extension available
